Z-Man says---

Greetings my friends....Z-Man here again with yet another issue of the AquaMaster. The big news in this months issue is...

THE JUNE MEET AT T-HILLS IS CANCELLED DUE TO POOL PROBLEMS!!!

But don't worry because if you've looked at the schedule for the rest of the summer you will see that there are plenty of meets and activities to choose from. July is full with four competitions and August has the O.M.S. raft trip on the Deshutes River and Long Course Regionals in Federal Way. So take your pick (and I hope you pick a few) and make your plans now.

By the time you are reading this issue the 1991 Short Course Nationals and this years short course season will be history. I think it is safe to say that it was a very successful one for many of us. My buddy Ol' Barnacle reviews the O.M.S. Association Championships held at Newberg and we have all the results. Jim McMaster, Kathy Buck, Bruce Cheney, and all the crew of Chehalem Aquatic Center along with all the officials headed by the dynamic duo of Ruth and T.D. Hughes did an outstanding job of hosting and running this meet. All of us in O.M.S. want to THANK YOU CHEHALEM MASTERS for a job well done.

Hey...how bout those Mark Spitz challenge sprint races against Jager and Biondi? You gotta admit that the guy got his clock cleaned. I haven't looked up any records but I would guess that Spitz' times were top times in the world for his age group. I wish the guy all the best in his pursuit of the 1992 Olympic Team. But my suggestion is that he just plain compete in as many swim meets that he can so as to regain some competition experiences again. Forget these big time money sprint races against the big names and swim in a meet at least every other weekend to get a lot of competition under his belt. What do you think? What would you suggest to a Mark Spitz to help his cause? No matter what the outcome, he will help the sport of swimming tremendously with his efforts...win or lose.

The first Democratic Presidential candidate for the 1992 election is a Masters swimmer. Senator Paul Tsongas has recently announced he is running for President of the United States. Tsongas is fifty years old and has survived a bout with lymphoma, a form of cancer. He recently competed in the YMCA Masters Nationals swimming the 100 yard Free and 100 yard Breast. I don't know what his times were but "USA Today" reports that his times were PRs. But wouldn't that be pretty neat to have a swimmer in the White House? More on Tsongas in future issues.

Well, did you swim Dr. Sprint's "Sprint Workout" this month? If you haven't, you may still have time to do it and get your entry mailed. I've enclosed another entry form for this event in this issue. Come on...you can do it. It's easy and you can swim it in the confines of your own local pool. Results will be in the July AquaMaster.

Next month we will bring you results from Moscow Idaho, site of the 1991 S.C. Regionals and I'll have a report from Nashville about Nationals. We will also have the results from the first "Swim the Gap" meet at Tigard which combined Masters and Age Group competition. So stay tuned.

Take a look towards the back of this months issue and you will find an interesting challenge from Dr. Sprint. We'll have the results of that Challenge next issue. Dr. Sprint also comments on a couple of rules that are near and dear to his heart. Yes, all in all this issue makes for some good reading.

And finally, O.M.S. IS LOOKING FOR A COUPLE OF VOLUNTEERS TO TAKE POSITIONS ON THE BOARD. BARBARA FRID IS MOVING TO WASHINGTON, DC AND SO THE MEMBERSHIP CHAIR IS VACANT AT THIS TIME. ALSO, DAN JOHNSON HAS ANNOUNCED HE IS STEPPING DOWN AS REGISTRAR AFTER THIS YEAR SO WE ARE LOOKING FOR SOMEONE TO FILL HIS POSITION. INTERESTED PEOPLE CAN GIVE ME A CALL AND WE'LL TALK. THANKS.

See you at State Games,

THE 2 DUMBEST RULES IN MASTERS

The swimming world is all abuzz about the new backstroke turn rules. The changes will speed up 100 yard backstroke times by at least 1 second. It's nice to swim faster. These changes aren't too dumb, but are they smart?

The rule changes came from FINA (foreign) and quickly adopted by USS (US age group) and USMS (masters). Backstroke turners need not touch the wall with their hand and may further flip over on their stomachs as they approach the wall, touching only with their feet.

Officials are in a turmoil now because the fundamental rule of backstrokedom can now be violated. Years ago backstroke rules were simple: "swimmer must remain on his back at all times". The concept was pure and officiating was direct. The reasoning behind these new changes were to help ease the official's burden. Time will tell.

DUMB RULES

It now takes many paragraphs in the rule books to describe how backstroke races must be swum. It seems as if the goal of the rules committee is to make more rules. I believe that increased rules leads to more cheating and less fair competition. To cite my case, I offer the two dumbest rules in swimming.

PLACE YOUR FEET

When the starter says "Backstrokers place your feet", your toes may cling over the gutter or stick anywhere convenient as long as some part of both feet touch the water. This is a good and reasonable rule, but it only applies to yard races! In meter pools, the entire foot including toenails must be underwater. How the swimmer clings his feet to the underwater wall is a small miracle and varies from pool to pool. Dirty, slimy, oily surfaces can make a fair start impossible if you don't have anything to stick onto. I'll never forget a TV interview with olympian Rick Carey about his start, he said he was slower in the finals because the wall in his final lane was slipperier than his preliminary lane.

Could he have been sabotaged? In this world of mult-million dollar Olympic gold medals, it's possible. It takes only a smidgeon of baby oil or suntan oil at the exact spot just below water level to make a touch pad very difficult to back start. From my secret notes about all the pools in Oregon, there are some pools that sprint backstrokers should avoid like the plague and others where special tricks work well.

BETTER BACKSTROKING THROUGH CHEMISTRY

Years ago I wrote an expose about how some backstrokers cheat with the toe-below-the-water start rule. I thought I

could educate and change the world. Naive me. I only succeeded in revealing the tricks to more backstrokers.

Modern cheating techniques are now going high tech. It is very very important to have a firm grip on the starting wall. It improves your confidence and allows you to focus on more important aspects of your race rather than worrying about whether your feet will slip. Some backstrokers have discovered "substances" that enable them to stick to walls in positions advantageous to the best start. Nobody's talking, it's a deep secret. Don't ask me about the details.

There are many other good solid reasons to allow MASTERS to curl their toes over the edge. But the best reason is to nullify the cheaters who use the rules to gain a relative advantage. The 'METER' start rule is dumb, unfair and impractical. It doesn't promote a fair start from pool to pool, lane to lane, and swimmer to swimmer.

DUMB RULE #2

This other backstroke rule is so stupid and difficult to enforce that for the most part it has been ignored and repeatedly violated. For about 2 years now a backstroker could not remain underwater for longer than 10 meters following the start. About 6 months ago, at a major Senior international meet, the shit hit the fan. Many of the backstrokers were observed to go over 20 meters underwater. Officials couldn't agree, and couldn't accurately site and detect distance. As a result, the rule was just changed from 10 meters to 15 meters (16.4 yards). The rule is now slightly less stupid and still difficult to enforce.

The fact is that these swimmers stayed on their backs and swam according the most primal backstroke rite; You can do anything you want as long as you remain on your back. The STAY ON YOUR BACK understanding is one of the oldest rules in the sport. The backstrokers feel it and the officials, (deep down,) hear it. This is why in local meets you'll see this silly underwater rule violated.

We could hire a couple more officials to accurately gage distance in open water, estimate wave height, and concentrate on body position. We could crack-the-whip with lax meet directors and officials that have independent thoughts. But would we be beating a dead horse? Over the last 10 years, I have seen at least a doubling of officials and personnel necessary to run a meet. Local meets have a tougher time making a profit and pay high political costs to the large volunteer force. Are we witnessing the death of a sport? We don't need more officials, we need a lighter rule book.

MANY OF US FOLLOW THE RAINBOW AND NEVER FIND THAT POT OF GOLD ... HOWEVER ... TWO OF OUR OMS SWIMMERS DID JUST THAT ...

MAGGIE WELLS, WITH HUSBAND ERNIE CHEERING ALL THE WAY, TOOK IN A SENIOR OLYMPIC SWIM MEET IN ARIZONA ... THE "HAUL" , 9 GOLDS AND 1 SILVER ... OB FORGOT TO ASK MAGGIE IF SHE THREW THE SILVER BACK. THEIR TRIP WAS GREAT AND FUN FILLED DUE MOSTLY TO MEETING NEW FRIENDS IN OUR WORLD OF MASTERS SWIMMING. THEY MISSED A FLASH FLOOD IN CALIFORNIA AND AN OKLAHOMAN TORNADO. SAW BOB MUSSELMAN DURING THEIR TRAVELS, HE IS FINE. THEY WILL BE IN THE SALEM AREA FOR THE SPRING SUMMER AND EARLY FALL, COME SEPTEMBER OFF FOR FISHERMEN'S BEND. MAGGIE'S ADVICE - KEEP ON STROKIN !!!

SWAM FIVE EVENTS AND MINED 5 GOLDS, THE BEST PART WAS A NEW SCM WORLD RECORD IN THE 200 BREAST AT 3:04.75, FOR THE 50 AND 100 BREAST SHE BARELY MISSED THE WR, IS PLANNING ON MAYBE HAWAII FOR A SCM MEET IN THE NEAR FUTURE ... TIME FOR THE 50 - 39.25, THE 100 - 1:25.34. GINGER WAS PARTICULARLY PLEASED WITH HER 200 IM, NEGOTIATING THAT DISTANCE IN 2:55.15, ALL THIS CAPPED WITH A FINE 1:19.87 IN THE 100 IM.

THAT'S IT FOR NOW FOLKS, THIS IS OL' BARN FROM GEARHART, OREGON, WHEN YOU ARE IN THE AREA, NEED A PIT STOP .. OR WHATEVER, COME BY ... 596 "F" STREET, THE NEW PHONE NUMBER IS ... 738 3763 ...

POSTAL CHAMPIONS

Earn your "CERTIFICATE OF SPRINTING" by doing a sprint workout in your workout pool. Compare your times against others and proudly hang up your workout pool. certificate.

Unregistered masters are also invited and the cost is only two (\$2) dollars. You get the certificate and could win the grand prize!

You may enter up to 5 events:

- 1. 20 X 50 Butterfly @ 1:30
 2. 20 X 50 Backstroke @ 1:30
 3. 20 X 50 Breastroke @ 1:30
 4. 20 X 50 Freestyle @ 1:30
 5. 10 X 50 Freestyle @ 1:30
 7 + 10 X 50 1 length Butterfly & 1 length Backstroke @ 1:30
 8 + 10 X 50 1 length Breaststroke & 1 length Freestyle @ 1:30

Choose an event and swim 20 separate 50 yard sprints with all your might. Each 50 yard swim must start 1 minute 30 seconds after the previous one. In other words you will swim exactly 1000 yards and the event will last 30 minutes.

Your average time for the 20 swims will be mathematically processed by Dr. Sprint and a "perfect" and "optimum" 100 yard time will be estimated for you. This time could be your future goal.

Among all ages, sex and events there will be one winner. To equalize the competition among everyone, your time will be compared against smoothed National Records. An impartial computer analysis will mathematically To equalize the determine the winner.

Last year, a hard working 65 year old female freestyler won.

The grand prize is a 1 yr subscription to either:
"SWIMMING TECHNIQUE" magazine (scientific & technical)
"AQUA-MASTER" newsletter (fat and informative + Dr Sprint science)

The best prize is your personalized, colored, frameable "Certificate of Sprinting". You'll value this above your medals and ribbons.

The pool length must be 25 yards. (For 25 meter pools multiply your average time by .914)

Each swimmer must have a timer/verifier with an accurate stopwatch. The dedicated timer starts the watch when they see the swimmer's hand leave the edge of the pool. The timer stops the watch when they see the swimmer touch the end after 50 yards. The timer records the time to the one hundredth of a second (.01). In other words, the swimmer can have the responsibility of starting himself approximately on the 1:30 interval. The swimmer must communicate with the timer via his hand on the pool edge at least a few seconds prior to pushoff. The timer must be alert to the sleazy tricks some swimmers play to get a fast time.

If the timer screws-up a time, just average the before $\mathfrak k$ after times to get that time. All current USMS rules for all strokes and turns must be observed. This means no 1 hand turns for you breast $\mathfrak k$ flyers.

You must start in the water with no above water pushoffs. The swimmer must be totally underwater at a point 6 feet from the starting edge. Just like the big boy Olympians.

Your age will be computed with a meet date of May 31, 1991.

You must average your times. This is easy to do if you have a calculator. Add up the 20 times in seconds and fractions and divide the total by 20. Please double check your math.

 $\Delta pril\ \&\ May\ are\ good\ months$ and entry must be postmarked by JUNE 15, 1991.

The results will be announced & mailed to you this summer. ----- Postmarked by JUNE 15, 1991 ------
