## 'Swimming - A Life's Passion" OMS 30 Year Celebration 1972 - 2002

On July 7, 2002 Oregon Masters Swimming will celebrate its successful growth in fitness, competition, and "family" with a gigantic free picnic. A fun-filled day of WATER ACTIVITIES for ALLAGES will be held at Hagg Lake Park beginning with the open water swim at 8:30. A live band will surely ignite this event. This celebration is for all OMS swimmers (past and present). Plan on attending this fun picnic and celebration whether you are swimming the Hagg Lake Open Water Swim or not. Hope to see you there!

## Chair's Corner by Jeanne Teisher

Dear Swimmers,

Last Wednesday, the OMS board convened for their monthly meeting. Out of 18 board members, 14 were in attendance either in person or by a teleconference call. The meeting was held at Nike in Beaverton and was not a "special" meeting. It was a regularly scheduled meeting. In other words, it is not unusual to have this number (or more) of board members at a meeting, particularly when it is in the Portland area. It also helps when a phone is available for board members, who do not live in the Portland area, to attend the meeting via phone. The meeting, like most monthly meetings, concluded in less than 2 hours. As I have mentioned in other articles, it is a real joy and honor for me to serve on a board with members who are so dedicated, enthusiastic, and passionate about the organization and the sport of swimming. I'm not saying I don't occasionally get frustrated and irritated with some of the discussions and actions of some of our board members, but that is what makes our board and LMSC one of the top in USMS (a comment recently made to me by a USMS board member). It is also the dedication and commitment of the individual board members that has made me decide to run for another term as Chair. I really respect and trust the other board members.

The OMS board is in need of volunteers to serve in a couple of key board and committee positions. The amount of time that is usually dedicated for board duties on a monthly basis varies by position but on the average it is approximately 3 hours, which includes attendance at the board meeting. Would you please seriously consider volunteering to be part of the board? We need YOU! The board can definitely sympathize on the reality of busy lives with family and career commitments, other volunteer commitments, etc., but, as I mentioned above, it is a great group of people to work with and your contribution would be appreciated more than you know. So, please consider contributing your skills and expertise to OMS.

I hope we will see you at the 30 Year Celebration on Sunday, July 7, at Haag Lake. This is not a celebration just for long distance or open water swimmers. It is for all OMS members and their families and friends. This event has been in the planning stages for a year and is guaranteed to be fun for people of all ages. So, please mark your calendar and plan to join the fun on July 7. You won't be sorry!

Happy swimming.

Jeanne

Aqua-Master is the official publication of Oregon Masters Swimming, Inc. 1211 SW Fifth Ave. Portland, OR 97204-3795. It is the only source for meet entries and results of OMS/USMS sanctioned swim meets in Oregon. Contact June Mather for membership information. A subscription is part of membership in OMS. Non-members can subscribe using the membership form and sending a check for \$12.00 payable to OMS. OMS is a Local Masters Swimming Committee (LMSC) and part of United States Masters Swimming Inc.

## www.swimoregon.org July 2002 Aqua-Master PAGE 3 Hazel Bressie Spirit Award Winners

Maggie Wells and Frank Parisi received their Spirit Awards at the Banquet during the Association Meet. Julie Himstreet received her Award at the Bend Swim Meet. Rob Higley, last year's winner did the presentation to Julie. Congratulations to Maggie, Frank and Julie. Thanks for all the spirit you bring to Oregon Masters Swimming.

#### Joy and Dave in Canada

While many OMS swimmers were enjoying the sun in Hawaii, Joy Ward and Dave Radcliff opted for the colder climes of Canada. They competed in the Canadian National LCM Meet in Saskatoon. Joy set a World Record in the 50 Fly.

Joy Ward

50 Free :33.91 (Zone) 100 Free 1:18.96

50 Back :41.59 (Zone) 100 Back 1:32.36 (Zone)

50 Fly :36.21 (World Record)

Dave Radcliff

400 Free 5:36.14 800 Free 11:39.19

1500 Free 21:51.84 (Zone)

Pete Metzger had an awesome start in his 50 Back at SCY Nationals. Full Results on page 8.

## Bend Freestyle Pentathlon Plus - May 4, 2002

#### **Freestyle Pentathlon Winners**

These swimmers swam the five freestyle events and won their age groups.

#### Women

30-34 Julie Himstreet

40-44 Brenda Knutson

45-49 Mary Sweat

50-54 Jeanne Teisher

60-64 Barbara Frid

#### Men

30-34 Robert Gilman 35-39 Rob Higley 40-44 Don Reed

45-59 John Walky

55-59 Richard Juhala

60-64 Tom Landis

65-69 Dave Radcliff

#### **Contest Winners**

#### Skull, feet first on back for 25 meters

Women - Shannon Gilman 34.6 seconds

Men – Bill Volckening

#### Plunge dive for distance

Women- Julie Himstreet 49 1/2 feet Men – Bill Volckening 57 feet

## LONG DISTANCE SWIMMING

#### **BOB BRUCE - LONG DISTANCE CHAIR**

Summer is almost here, which means that beautiful warm weather and open water season can't be far behind (although as I write this, in the early morning on June 8, in Bend, there is ice on the sprinkler heads...Hmmm). Here's an overview of the great swims that our intrepid open water Meet Directors have lined up this year—each swim and site has its own attractive special features.

Hagg Lake (Sun 7 July): We start our season just west of the Portland Metro area with the PMS-hosted 1 & 2-mile swims. Enjoy the large & varied cast of swimmers, the large picnic pavilion, and the squishy mud! Discover what kind of goodies Andrea Milano has unearthed for her famous raffle & door prize giveaway! As a special bonus this year, the Hagg Lake swims are also a part of the Oregon Masters Swimming 30th Anniversary Picnic & Celebration, featuring food, more prizes, activities & games, and a live band! These swims and the celebration promise to provide a very full and social day!

Elk Lake (Sat-Sun 27-28 July): Our next stop is beautiful and clear Elk Lake, nestled high in the Cascades above Bend, for the three swims of the Cascades Lakes Swim Series. The 500-meter sprint and the 1500-meter swim—which will be the Oregon Association Open Water Individual and Team Championship—will be held on the first day. Day two features a 5000-meter swim, our longest swim of the season and the practice run for the 2003 5K National Championships. Let's not forget the traditional COMAhospitality (oinkluding the famous lunch tables groaning with goodies), the incomparable wilderness camping, and the unique pottery awards.

Dorena Lake (Sat-Sun 10-11 August): Dorena Lake is the geographic midpoint of Oregon open water swimming. On that Sunday, we'll return its clear and warm waters for the USMS 1-mile Open Water Championship (the third consecutive year in which Oregon has hosted a National Championship!), an 800-meter swim later that morning, and a fine picnic provided by host team EA. We have a special treat on Saturday, an open water clinic featuring Jim Miller—our current USMS President and the first-ever USMS Coach-of-the-Year—as the head clinician. The clinic, swims, and great car camping make this weekend a standout!

Eel Lake (Sat 24 August): Last on our itinerary is coastal Eel Lake (named for its meandering shape, not its aquafauna!). Tucked off Highway 101 in the scenic Oregon Dunes area, this one-day event hosted by COMAboasts a 1/2, 1, & 2-mile swim on the same morning. All swims will be

held on a 1/4 mile rope cable course, a new format for Oregon and a friendly way for open water newcomers to try lake swimming. This being our last open water swim, we will also recognize the cumulative season-long Oregon Open Water Swim Series participants. Then use your campsite as a base to visit the Coos Bay Blackberry Festival or explore the dunes.

Here's what do you need to do to participate successfully in the 2002 Oregon open water season:

- Plan ahead. Mark the open water dates on your calendar. Check the meet entry forms (found in Aqua-Master or on our website) for camping information, and call ahead for reservations if necessary.
- Learn or review your open water swimming skills, including straight-line swimming, navigating, rounding buoys, handling crowds, and drafting. Drills for these skills are different and exciting, and will certainly add spice to your daily swim routine. For more information, see my article "Making Swimming Fun" in the May-June issue of Swim Magazine.
- •Get in shape. After all, these are long distance events, and require aerobic training on your part. Commit yourself to spending the needed time in the water.
- •Try a postal swim. They have been a crucial part of my physical and mental training for the lake swims for the past few years. Besides, after swimming 10K in the pool, all of the open water swims seemed short! You can find information about available opportunities on the Away-From-Home postal signup form in last month's Aqua-Master. First Postal Results are listed below
- Consider swimming in the Oregon Open Water Swim Series. To be eligible for the Series awards, you need to participate in three different venues. You can find full information about the Series in this Aqua-Master or in the Long Distance section of the OMS website

#### www.swimoregon.org

See you at the Lakes. Good luck and good swimming!

#### First 5K Postal Results

Long Distance Record of 1:15:34.99 fo	or the Men's 60-64	We need all Oregon and MACO swimmers to give it a try.				

#### Oregon Open Water Swim Series 2002

**Series:** This is a series of open water swims that are conducted at local lakes. Individual results are tabulated for Oregon athletes, with scoring, awards, and recognition for a cumulative series, similar to the Oregon Long Distance Postal Swim Series. The purpose of this series is to promote fitness, competition, and fellowship in unique outdoor settings.

Events: The series consists of these six swims at three venues:

Venue	Event	Dates
Portland Metro Swims at Hagg Lake	2-mile & 1-mile	Sun, July 7, 2002
Cascade Lakes Swim Series at Elk Lake	500-meter & 1500-meter	Sat, Jul 27, 2002
	5000-meter	Sun, Jul 28, 2002
Eugene Area Swims at Dorena Lake	Open Water Clinic	Sat, Aug 10, 2002
	1-mile & 800-meter	Sun, Aug 11, 2002
Eel Lake	2-mile, 1/2 mile, & 1-mile	Sat, Aug 24, 2002

(The Dorena Lake 1-mile swim is the USMS National Championship. The Elk Lake 1500-meter swim is the Oregon Association Individual & Team Championship. The Elk Lake 500-meter swim & Eel Lake 1/2-mile swim will not count towards the cumulative series scoring.)

#### How to participate:

- Join Oregon Masters Swimming, Inc; registration forms are found in Aqua-Master or on the OMS website (www.swimoregon.org).
- Obtain the meet information and entry blanks for each event, also found in Aqua-Master or on the OMS website (www.swimoregon.org).
- Enter the event(s) by submitting your completed entry blank & fee before the entry deadline.
- Travel to the venue. Swim the event(s). Have fun!

#### How the Oregon Series is conducted:

- Each Event Director will record the results for all masters registered athletes for each event, and report them in the Aqua-Master and on the OMS website.
- The Oregon Series Coordinator will score all Oregon Masters registered athletes for each event.
- After the season is completed, the Oregon Series Coordinator will tabulate the cumulative Oregon point results, present awards to all swimmers who qualify for them, and report the results in the Aqua-Master and on the website.

#### **Scoring:**

- Individual age group scoring to ten places in each non-wetsuit event: 14-11-9-7-6-5-4-3-2-1. Scoring for wetsuits: place by final time minus 5 points.
- Swimmers must swim at least one qualifying event in at least three venues to qualify for the Oregon Series Championship; the top scores for each swimmer will be counted for age group and overall place in the Series.
- If a swimmer moves up in age group between his/her first and last swim of the series, age group points accumulated in the first age group will carry over to the second in the cumulative scoring.
- There is no team scoring in the series.

#### Awards:

- Age Group: suitable awards for three places in each age group, female and male.
- Overall: suitable award for the overall champion, female and male.
- Participation: suitable awards for swimmers who swim at least one event in all four venues.

Carbohydrates and the Glycemic Index

Recently there has been much discussion about diets and how many carbs we need. Everyone seems to have a different opinion. Carbohydrates were the bad guy in the 70's with Dr. Atkins No Carbohydrate Diet. Then in the 80's and 90's carbohydrates became the good guy. We learned how important they were for exercise performance. High carbohydrate diets became popular. The message was you could eat all the carbs you wanted and not gain weight. Enter the food industry and thousands of non-fat and low-fat foods. The message however was not totally accurate. High carbohydrate diets rich in whole grains, fruits, vegetables, beans, low fat dairy and meat products can promote weight loss. But people forgot that calories count in the energy balance equation. You can't take in more calories than you expend if you expect to lose weight! Low-fat products may be lower in fat but not necessarily lower in calories. For example, 3 fat- free Fig Newtons have only 3% fewer calories than regular Fig Newtons (yes they have less fat). Selecting a lower fat food does not always reduce the total energy intake, especially if you eat more of the fat-free item! Americans have been focused on fat reduction but have not been as successful in total calorie (energy) reduction.

The media is again targeting carbohydrates as the bad guy. Carbohydrates are our primary source of energy, providing 50-80% of the energy we consume each day, depending on our activity level. Eighty percent of carbs are converted to glucose, which among other things fuels our muscles. High fat or high protein diets don't provide adequate amounts of carbohydrates to replace the muscle glycogen used during intense exercise.

We all need carbohydrates. Carbohydrates are our brain's only source of fuel and they provide the energy for our bodies to swim. And to swim consistently well we need adequate carbohydrates in our daily diet. The higher the fitness level the easier our bodies can handle carbohydrates. (Jani has never met a carbohydrate she didn't like!). Complex carbohydrates are the way to go. Complex carbs are fruits, vegies, whole grains (beads, cereals, pasta) and legumes (beans, peas, lentils). They are good sources of vitamins, minerals and fiber and their structure is more complex. Carbohydrates from processed foods (crackers, snacks, sweet cereals) or those high in sugar are called simple carbohydrates. These contain primarily glucose, fructose or high fructose corn syrup and are low in vitamins,

minerals and fiber.

OK, so you already know some of this. But things have gotten more complicated. Enter the glycemic index. Foods are now classified as producing high, moderate or low glycemic responses. The glycemic response to a food is determined by measuring the change in blood glucose over a 2 hour period after eating 50 grams of a single food. Foods that produce a high glycemic response (a large rise in blood glucose and insulin) would be expected to produce a greater increase in muscle and liver glycogen than foods producing a low glycemic response (not much rise in blood glucose and insulin). A high glycemic food would be a great way for an endurance athlete to refuel after intense exercise. But these same foods can cause prolonged increases in blood glucose and insulin for individuals who are sedentary, overweight and or at risk for diabetes and this is not a good thing.

www.swimoregon.org

Everyone's response is unique. As athletes we want a stable level of glucose and insulin to prevent fatigue while exercising for long periods of time. How our body responds to dietary carbohydrate load is very individual and depends on several thing. One is fitness level - the higher the fitness level the lower the insulin rise and blood sugar rise. A fit person's body uses carbohydrates better. Another factor is energy balance level. Does energy in equal energy out? If more energy is taken in than is expended it is stored as fat. Also effecting your glycemic response is your metabolic state (how the body uses dietary carbohydrate). Health and age also affect the metabolic response. The metabolic response of a healthy person is much different than the response of a diabetic person or someone who produces too much insulin. Exercise can help those with diabetes. Diabetics should consult with a trained dietician as their meal needs are different than the general populations.

The glycemic index of a meal will be different than that of a single food. Foods are not usually eaten alone. A diet of whole fruits, grains, cereals and legumes in small mixed meals will avoid large fluctuations in blood glucose. Remember carbohydrate is necessary to fuel muscles and the brain and provide energy while exercising. It is a great source of vitamins, minerals and fiber and it is the only thing that can replace muscle and liver glycogen after exercise. Active individuals need to have adequate levels of carbohydrates in their diets.
