### "Swimming for Life"

### New Year's Eve With The Animals

By Charlie Helm

The Canby Animal Meet changed dates this year, so on Sunday, December 30,<sup>th</sup> we got to end the year with a fun swim at the Canby pool. With the date change of the 9<sup>th</sup> annual Animal Meet, meet Director Shelly Hester found some new and unique trophies for the winners that were very appropriate for this event—gargoyle statuettes! The swimmers and spectators really liked these trophies, which made the swimmers even more motivated to perform well.

As in past years, the majority of the swimmers competed in the sprint animal category, with a smaller number doing the middle animal masters category, and a slightly smaller group going for the animal grand masters category. Or, as most of us call them, "the crazy animal swimmers". There was also a good mix

of veteran swimmers for this meet, as well as new swimmers who were about to discover the pain of the Animal Meet along with the intense competition that is inherent with this type of competition. For those not familiar with this event, the swimmers who compete in the different "animal" categories swim an I.M., then a fly, and then a freestyle event. The Sprint Animals do the 100 I.M., 50 Fly, and the 200 free. The Animal Masters (middle) do the 200 I.M., 100 Fly, and 500 Free. Finally the Grand Animals get to enjoy the 400 I.M., 200 Fly, and 1000 Free. There are no age groups in these categories; it's the top overall male and female winners in each group who are the champions. For those of you who live just to know how I did, I competed in the Animal Sprint Masters category as usual and I fought hard to secure my position in last place for the fourth year in a row!

When the frenzy of the animals was over and the results tabulated, we had the following as the respective winners: The Animal Sprint Masters Champs were Sonja Skinner and Michael Baele. Michael also won at the prior Animal Meet. The Animal Masters Champs were Charlene Vande Kamp and Josh Norville. The Animal Grand Masters Champs were Arlene Delmage and James Adams. (Photos on page 12.) On an interesting note, Arlene and James won two years ago, but were both unable to compete last year to defend their titles. They both came back this year to reclaim their Animal crowns, with James coming down again from northern Washington to do it. It must have been the idea of swimming hard on (almost) New Year's Eve that motivated them! It was another fun and challenging meet with great hosts, volunteers, and officials in Canby.

#### 'Help Wanted' and February Fitness Challenge

Recently an OMS swimmer sent me an email informing me that she was interested in serving on the OMS board. Those are the kind of emails I REALLY like to get but, unfortunately, don't get too often. Like most of us, particularly the current OMS board, this person is a very busy person but wants to give back to the organization. We will definitely find the perfect place for her on the board.

What about you? Do you think you might have 1-3 hours a month to volunteer for OMS? Currently we are in desperate need of someone to help with the OMS website. The board is very

committed to making sure its membership and other Masters swimmers are well informed. Since our website is one of our primary communication tools, it is very much in need of an overhaul. The board has budgeted

money for updating the website but we need someone to take the lead. If you have webmaster experience or know of someone that might be able to assist us, please send me an email. I would REALLY like to hear from you.

If you would like to serve on the board, but not as the OMS webmaster, please let me know. We are always looking for new volunteers to help with the organization.

Good luck and have fun with this year's February Fitness Challenge. Being a member of the Tualatin Hills Barracudas, the FFC sponsor, it has been interesting to read some of the many stories, goals, comments, and experiences people have shared over the years. Some of the accomplishments have been truly amazing as well as inspirational. We look forward to hearing about your goals and accomplishments.

Happy swimming!

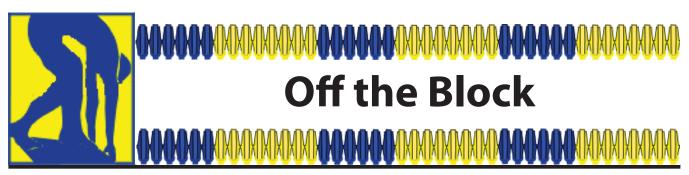

Jeanne

<u>Susan Dawson-Cook, is a</u> writer and fitness professional who writes regularly for SWIMMER, American Fitness, and Tailwinds. In 2012 she published two novels with Extasy Books under the pen name Sabrina Devonshire. "The Open Water Swimmer" is a romantic sports suspense. "Message from Viola Mari" is a humorous sci-fi romance. <u>sabrinadevonshire.com</u>

### **Post-Workout Nutrition and Bone Density**

by Susan Dawson-Cook

#### Two post-workout shakes from the pros

These two shake recipes comply with guidelines recommended by Westcott and others, 2011, which you can read about in your January-February 2013 issue of *SWIM-MER*, in "The Healthy Swimmer," on page 13.

To restore bone and muscle tissues post-swim, fire up your blender and mix up one of these tasty and nutritious shakes. Both shakes contain about 36 grams of protein and 24 grams of carbohydrate, the optimal restorative blend recommended by researchers. Shakes should be consumed immediately after training.

Junelle Lupiani, registered dietician and nutrition supervisor at the world-renowned Miraval Resort and Spa, came up with this second shake recipe. Lupiani, a board certified specialist in sports dietetics, is also a long-distance runner.

This first recipe, concocted by two-time Mr. Universe Winner, Avtar Nordine Zouareg, is sure to restore strength and vitality after a hard workout. Zouareg is a celebrity coach, best selling author and speaker as well as the founder of Avtar Wellness. You can visit his web site at AvtarWellness.com

Makes 1 serving

#### Ingredients

- 25 grams (soy or whey protein powder)
- 1/2 cup fat-free milk
- 1/2 cup plain fat-free yogurt
- 1/2 cup strawberries
- 1-1/2 cups ice cubes

#### **Directions**

Combine all ingredients in blender and process until smooth.

#### **Nutritional Information**

260 calories, 1.5 grams fat, 0 grams saturated fat, 5 mg of cholesterol, 190 mg sodium, 35 grams carbohydrate, 24 grams protein.

#### **Fruity Delight**

Makes 1 serving

#### Ingredients

- 8 ounces of plain almond milk
- 1 tablespoon of almond or peanut butter
- 1 medium banana
- ½ cup of frozen or fresh raspberries (or other berries)
- 1 scoop of whey or other protein powder

#### **Directions**

Combine in blender and mix until smooth.

#### **Nutritional Information**

Approximately 360 calories, 24 grams protein, 36 grams of carbohydrate.

### **Fit to Swim**

#### **Goal Setting**

**Coach Aubree Gustafson** 

Here we are nearing the end of the first month of 2013. How are those New Years' resolutions coming along? Are some of you thinking you set the bar too high and feel like you're falling behind already. Some of you might be thinking you didn't set the bar high enough. Regardless, there's always next year right?

The New Year is a new beginning, a time for reflection, and a great time to rethink your goals for the coming year and beyond. Instead of following the crowd and making up random resolutions, I would suggest taking the time to set S.M.A.R.T. goals.

The first known use of the S.M.A.R.T. mnemonic occurred in 1981 in an issue of *Management Review* in an article written by George T. Doran, but these criteria don't only apply to the business world, they can be used in goal setting for all aspects of your life. S.M.A.R.T. stands for the following:

S-Specific M-Measurable A-Attainable R-Relevant T-Timely

Your goals should be Specific. It is much harder to achieve a generic goal. For instance, it's tough to decide exactly how you are going to "get in shape" without answering the six "W's" first. When you nail down the Who, What, Where, When, Which and Why of your goals they are more defined, and a well defined goal is easier to measure.

When your goals are Measurable, you can track your own progress and are much more likely to achieve success. A measurable goal should answer how much, how many, and how you'll know when you have attained your goal.

Goals should be Attainable because unrealistic aspirations can lead to feelings of failure. With that being said, don't be afraid to set your goals high, but plan wisely. A goal that is too far out of reach, or far too easy

to achieve, loses its meaning. If you find your goal is no longer important to you, you should set a new one.

A Relevant goal is one you find importance in striving for. It should be worth your while and motivating. Something you are willing and able to work hard for. It may not always be easy. You may have a set back or lose focus, but if your goal matters to you, you'll find a way to recover and keep pushing onward.

A Timely goal has a finish line; a set place in time by which you strive to achieve your goal. Whether it is a short term or long term goal, the clock is ticking, so you better get started!

I hope you enjoy setting S.M.A.R.T. goals for yourself. If you need some assistance tracking your fitness goals, I highly suggest joining the "Go The Distance" program on the USMS website. Located under the Swim for Fitness tab under Fitness Events, this free program will help you track how often you swim, and participate in many other physical activities like running or weight lifting, just to name a few, on a Fitness Log (FLOG for short) throughout the course of the year. You can even set a goal to swim a certain distance in miles, yards or meters and the site can help you stay on track to achieve your goal by the end of the year. Reach certain milestones and you'll receive free swimmer swag from program sponsor Nike. If you're not the technology type, a regular calendar works just fine for tracking your progress. Regardless it will feel good to see how far you've come, and how close you are to achieving your goals.

My Goal? to get out of this water!

### Shake and Swim with "Bake"

#### The Legs Again

**Coach Dennis Baker** 

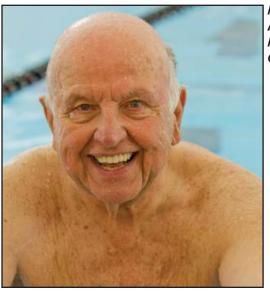

I have written numerous articles on the kick and the legs in swimming. Most pool competitors have stronger kicks in their Freestyle than longer distance swimmers. A lot of swimmers ask me "why should I kick in training if I don't use my legs"? They also say that they can't kick or they go backwards when they try and kick with a kickboard. Let's look at some reasons why all swimmers, especially distance and open water swimmers, should do kick sets in their training.

- 1. The legs are the biggest appendages on your body. If they move at all while you're swimming it will affect your heart rate. Getting your body and heart used to all types of situations in a race will help you swim better and faster.
- 2. If you have a 2 beat kick or not much kick at all you still must connect your legs to your torso to create a proper vessel to go through the water without resistance. Proper posture of the legs is a must. The legs should act as rudders for your body to go straight. This requires effort, thus affecting your heart rate. The effort is keeping the toes pointed and legs close

- together. If you can master the art of a 2 beat kick, it is a big plus.
- 3. Triathlon athletes and swimmers who run a lot tend to get what I call "heavy legs". Heavy legs means the legs tend to sink in the water while you're swimming. Doing kick sets with or without fins is a great way to correct this. Kick sets connect the legs to the brain and make them more coordinated. It also stretches the front tendons near the shin and makes your legs more pliable in the water. Both of these things will make your legs float higher and cure your "heavy legs".
- 4. Lastly, if you're kicking without fins and going nowhere or backwards, try this tip. Stay close to the lane line or wall. When you feel that you're losing momentum, grab on and pull yourself forwards. Keep doing this and the legs will learn how to keep you going. Eventually you won't have to grab the lane line or wall at all.

Try these tips and think about why training the legs is important, even if you don't kick much. Do your kick sets at least 3 times a week with or without a kickboard and you will be well on your way to being a better swimmer.

Mike Popovich, former Aquatics Director at Mt. Hood Community College pool

Dennis Baker, coach for Oregon Reigh Masters, and official OMS coach

### Long Distance Swimming

**Coach Bob Bruce** 

Wrapping up the 2012 USMS Postal Championships, the Oregon LMSC capped another fine year with a strong showing—including both four National Club Championship titles for the Oregon Club!—in the 2012 USMS 3000-yard and 6000-yard National Postal Championships. Here's a quick summary:

3000-yard: 63 Oregon swimmers (30 women & 33 men) entered. Mary Sweat, Matt Miller, Hardy Lussier, Tom Landis, and Dave Radcliff each won the national title in their respective age groups. Nine Oregon Club Relay teams won their events. In club scoring, Oregon won the championship for the fifth consecutive year.

<u>6000-yard</u>: 24 Oregon swimmers (11 women & 13 men) entered. Jayna Tomac, Mary Sweat, Matt Miller, Tom Landis, and Dave Radcliff won national titles. Seven Oregon Club relay teams won their events. In club scoring, the Oregon Club won the championship title for the fifth consecutive year.

Congratulations to...

- Our 6 individual National Champions (USMS Long Distance All-Americans!);
- Mary Sweat, Matt Miller, Tom Landis, and Dave Radcliff, our double National Champions;
- Our 16 (!) relay team National Champions (USMS Long Distance Relay All-Americans);
- Our 3 Oregon Individual Record breakers—Mary Sweat (2x), Matt Miller, and Hardy Lussier (2x).
- Our National Relay Record team— Men's 65+ 3 x 6000 relay of Ralph Mohr, Tom Landis, and Dave Radcliff (time: 4:27:57.21).
- Our 2 Oregon Relay Record teams;
- Everyone who participated. The Oregon LMSC—including all clubs—continues to improve in this category, which is ultimately the bottom line in these excellent fitness events.

Look for the full Oregon results in this Aqua Master. They are

impressive! What is even more impressive is the fact that we continue to lead the nation so consistently in the postal swims—apart from the One-Hour Swim, the Oregon Club has won 19 of the last 20 national postal club titles!

**Postal Series:** Twenty-eight Oregon LMSC swimmers qualified for the 2012 Oregon Postal Series by swimming in three or more of the USMS Postal Championship Swims during the year. Twenty-five of those swimmers qualified for the Oregon Postal Participation Award by swimming at least one of these swims in each of the three postal seasons. And FOURTEEN swimmers (more than last year) swam all five events, thus qualifying for the USMS Postal Participation Award. Patches are coming soon! See the results in this *Aqua Master*.

**2012 Postal Swims in Very Brief Review:** 256 Oregon swimmers from 16 local teams (367 swims overall) participated in at least one National Postal Swim. COMA again led the way with 58 swimmers, 112 swims, and 14 Oregon Series qualifiers. CGM & LSWM had 50 & 39 swimmers respectively (a high percentage of each team) participate in the One-Hour Swim. THB, OCT, CAT, ORM, & RVM each also had 9 swimmers or more involved. The Oregon Club won 4 (of 5) USMS Club Championships!

Good luck and good swimming!

### Southern Pacific Masters Swimming Championships

### **Records from COMA Pentathlon** — 12/8/2012

It was brought to my attention that no records were shown for the COMA meet in the January, 2013, Aqua Master. My apologies to all, especially to those who worked so hard and didn't get recognition. Pentathlon records and individual/ relay records are listed here. Great swimming everyone! — Editor

#### **Combined National Club Scores: Not available yet**

**A note about club scoring**: Club point scoring is calculated based on Quality Points, which is the ratio of each individual

time to the current USMS Record for the gender & age group and expressed as the three-digit number that you see following each individual time in the results. The faster the swim the more Quality Points a swimmer earned. Club totals are the sum of the quality points of its swimmers. Since every swimmer receives quality points, every swimmer counts!

To help settle the side wagers concerning who had the best 3000 swim—across gender and age group lines—here is the list of the top 12 swimmers by Quality Points:

| Na | me              | Quality Points |
|----|-----------------|----------------|
| 1  | Mary Sweat      | 957            |
| 2  | Hardy Lussier   | 954            |
| 3  | Dave Radcliff   | 952            |

#### **LaCamas Headhunters Masters Swim Team**

by Angela Fadlovich

We need your vote! The swimmers at LaCamas Headhunters Masters are always looking for an excuse to have a good time. Last summer they celebrated the 4<sup>th</sup> of July and the 2012 Olympics with Dolfin Uglies patriotic suits. Twenty two gals purchased suits and a portion of the proceeds benefited a local family in need. The group entered this picture in the Miss Uglies contest and was the featured photo for June. Contest voting is on now through the end of February, and we'd love to have our masters friends show everyone that the Masters still have it! Go to <a href="https://www.missuglies.com">www.missuglies.com</a> and click on "Cast Your Vote" on the left side to vote for our team's photo (June-Lacamas Headhunters Masters Swim Team). Granted there's some pretty cute kids in the other months, but the real beauty of our picture comes from a group of gals with an age range of over 40 years who love to have a great time together both in and out of the water. Thanks for your vote!

Pictured are back row (I – r) Michelle Jacobs-Brown, Jerri Clark, Serena Johnson, and Sherry Bender. Front row – Anita Burkard, Carolyn Nigro, Angela Fadlovich, Bonnie Speer, Kealey Sitler, Christie Seumalo, and Dianne Thomsen. Photo by Ami Brimhall

### One Hundred Years Old and Still Swimming!

By Dave Holland

Leaving a swim meet this afternoon at the Tuckahoe YMCA in Richmond, VA, I found myself walking out the door with Marie Kelleher. As we walked to her car, we fell into the usual friendly banter about swim

meets and times. "How did you feel in the water today?", I casually asked.

"Oh, you know how it is, some days you feel good in the water and some days you don't. Today wasn't really my best, but I'm not complaining. I've been very fortunate."

In many respects, Kelleher is no different than many of the other 50-plus adults who competed at the Virginia Senior Games this weekend. She drives her own car, swims four days per week at 5 AM (she takes Wednesdays off), and competes in meets that are close to home. Swimming today in the 50 and 100 free, she stood on the starting block and wore a white cap with an American flag.

To the casual observer, she didn't appear to be racing. Swimming in lane 3 in the 100 free, the two women on either side beat her easily, and waited graciously as she finished in 3 minutes, 40 seconds. The woman in lane 2 reached across the lane line and exchanged a high-five with her. Typical Masters swim meet, right?

A look at the official results told a different story. Kelleher's age is listed as 100 in the heat sheet and the results. Although she's actually *only* 99 until her birthday in December, at this meet she competed in the 100-104 age group, as USMS rules use the swimmer's age as of December

31 for competitions held in 25-meter courses.

Kelleher, representing Virginia Masters Swim Team, established new United States Masters Swimming (USMS) national records in the 50 free (1:44.10) and 100 free (3:40.00). As there are currently no USMS records listed in the books for the female 100-104 age group for any course, she becomes the oldest known American woman to have competed at a USMS-recognized meet.

On the global stage, an Australian woman named Mary Maina is the oldest known woman to have competed. Maina, competing at the 1994 World Masters Games in Brisbane just two weeks after her 101<sup>st</sup> birthday, swam the 50 free (long course meters) in 5:10.84.

With today's performance, Kelleher might be the oldest woman ever to have competed in the 100 free, in any pool, anywhere. But that wasn't really on her mind as she got into her car to head home after another swim at the YMCA. "I have a birthday in December, and I have to get my driver's license renewed. I wonder what they'll say to me?"

#### **Swim Bits**

by Ralph Mohr

I was coming home from timing a friend of mine in the Hour Swim this year, when I started thinking about how difficult it is to get someone without a swimming background into Masters Swimming. My friend had been a lacrosse player in high school and college and started swimming as another activity to keep fit, along with walking trails and doing yoga.

He first swam a 3000 in 2011, and the fun part of his swim was that he had descending 500 yard times. We joked afterward that he was so worried about finishing he started out super slow. He agreed, but he was proud that he had finished the 3000 without stopping.

Last year he swam the 3000 again and the Hour Swim. His 3000 time was faster than the previous year by about 20 seconds, and he swam more than 3000 yards for an hour. He also was not last in either event nationally, but that placing has never been talked about much.

This year he was most interested in doing the Hour Swim again, so we set it up. It was 39 degrees on the pool deck, and he swam in a sleety rain. He was also 95 yards further than last year, and again he went negatives. He felt the swim was easier than the year before. I said, "Of course."

One problem we Masters swimmers have is attracting new members from people who have never swum competitively at all. They see us gliding through the water and doing multiple repetitions, and they say, "I can't do that." And they are right. At least not at first.

I have found that Postals are a great way to get a swimmer with a non-competitive background into Masters Swimming. What we've emphasized first is finishing the event. The time or distance is not that important. We then make sure that they are mentioned in the same news story as the national champions whom they work out with.

The Postals are also a good starting point for swimmers who are even less skilled than my friend. I am still encouraging a 60+ lady who drives 30 miles each way to swim outdoors in Coos Bay. Originally she was a "floater," one who used a safety belt and did water exercises vertically.

Now she is swimming freestyle with her face in the water or backstroke using fins. I almost had her talked into trying the Hour Swim with fins as a real challenge. I thought she could make it. The holidays took care of that, and she was a bit hesitant when she told me she wouldn't be doing the hour. I smiled and said, "Next year." She thought that was a possibility.

It is an old bromide, but swimming is for everyone. We Masters swimmers are sometimes intimidating to others in the pool, but whenever I see someone who is working out for more than 15 minutes in the water, I've talked to them about doing one of the Postals. Three of them can be done locally, and swimming an hour straight is something most can relate to.

### Oregon City Spring Ahead — Short Course Meters B/C and Masters March 9-10, 2013

HELD UNDER THE DUAL SANCTION OF USA SWIMMING INC. AND USMS, INC.
USA SANCTION: # USMS SANCTION: #373-S002
MEET REFEREE: Dan Gipe

Sponsor: Oregon City Swim Team Website: www.ocst.net Location: Oregon City Municipal Pool 1211 Jackson Street Oregon City, OR 97045 Pool Phone: 503-657-8253

MEET DIRECTOR Tim Waud Twaud@aol.com (503) 341-3152

FACILITY Indoor, 25 meters, with 6 lanes 2.5m per lane. Starting blocks at the deep end of the pool only (9 ft) Shallow end is 3'6". Colorado Timing system, parking available, seating for 200 spectators and a community room away from the pool for another 150 people. Men's and Women's locker rooms. ### ENTRY DEADLINE Entries must be received by 5:00 P.M., Friday, February 22, 2012

I hereby declare my intent to swim this dual sanctioned meet as a Masters swimmer. In addition:

I, the undersigned participant, intending to be legally bound, hereby certify that I am physically fit and have not been otherwise informed by a physician. I acknowledge that I am aware of all the risks inherent in Masters Swimming (training & competition), including possible permanent disability or death, and agree to assume all those risks. AS A CONDITION OF MY PARTICIPATION IN THE MASTERS SWIMMING PROGRAM OR ANY ACTIVITIES INCIDENT THERETO, I HEREBY WAIVE ANY AND ALL RIGHTS TO CLAIMS FOR LOSS OR DAMAGES, INCLUDING ALL CLAIMS FOR LOSS OR DAMAGES CAUSED BY THE NEGLIGENCE, ACTIVE OR PASSIVE, OF THE FOLLOWING: UNITED STATES MASTERS SWIMMING, INC., THE LOCAL MASTERS SWIMMING COMMITTEES, THE CLUBS, HOSTS FACILITIES, MEET SPONSORS, MEET COMMITTEES, OR ANY INDIVIDUALS OFFICIATING AT THE MEETS OR SUPERVISING SUCH ACTIVITIES. In addition, I agree to abide by and be governed by the rules of USA-S.
