

OPEN WATER REPORT
OCTOBER 24, 2024

1. The SPMS Open Water Series last race of the season was held in Marine Stadium Long Beach this past Saturday, with some 50 Masters swimmers competing in either the 1K or the 5K. The conditions were perfect.
2. Four swims were part of the Series, including The Mission Mile, The Don Burns Corona del Mar one mile, the Balboa to Newport Pier to Pier two mile, and the MPSF Open Water Championships 1K or 5K.
3. These four races will be tallied to award the winners of the SPMS Open Water Series.
4. I would like to initiate a plan to update the Open Water webpages on the SPMS.net site.
